## Positive Orgone, Protection and Shielding

[Orgone and HolyHealthy Products here](#)

[OrgoneMasters.info](#) *how to make orgone masters by Dana Horochowski directions.* Still revising. They are getting stronger all the time.

SPIRITUALIST CHURCH OF CANADA-

<http://www.spiritualistchurchofcanada.com/> I recommend seeing someone along these lines if you are getting attacked by entities. Once your aura is strong and clear, the orgone can be a shield that can strongly work with you. If you are angry, drinking, drugging, having sex without love, etc., then the orgone can only protect you so much, because your aura is wide open for access to all the negative energies. Namaste Dana.

### Orgone Masters Steps

1. **Spray molds** with high vibration oil.
2. **Add neodyne magnet** (or **pure copper penny** if no magnet), then copper/ aluminum shavings to bottom. North side down will allow you to use the magnet part to deactivate chip implants.
3. **Add crystal** that is **clockwise wound** and pointed upward. **COIL EVERY quartz CRYSTAL** that you add. If you have other crystal types, they can rest in a chamber of copper-coiled clockwise, winding upward like a staircase.
4. **Add grounding stones, shell, seeds to top** and sides to cover the metals.

I add glass beads or various other crystals from necklaces for different colour and frequency emissions. **ROYGBIV** rainbow colors for Chakra balancing. If you are going to do that, then they have to also go on the magnet side. **Lay down the coloured beads or crystals and the magnet first**, then coiled crystal, and shavings around it. **Amethyst** is great for psychic attack prevention. **Amethyst** can also be added and coiled like clear quartz.

5. **Add hardener to resin.** Cover with resin ( outside). Pour, let sink in then add to top it off. Cover crystal so that it is not bare.

6. **MAGNETS attach to** railings on highways, stair wells, electrical boxes, fences, some utility poles and death towers, etc. They attract negative energies into the orgonemaster and are processed out the tip into positive orgone.

**KEY- orgone is generated by a combo of inorganic metals and an organic matrix.** Glass beads are much like fibreglass resin. (your body is an organic matrix, so **DAISY DOWSERS** act like orgone generators on your body. The crystal is coiled in a **clockwise motion** in copper wire. Dowsers need to be cleansed an incense smudge and charged in full sunlight and/or moonlight. (sweetgrass, cedar, white sage are my favourites)

Copper Wire - TimBr 18 gauge or <http://www.corfil.ca/>

**Copper scrubbies** to cut up ( Dollarama). **Aluminum shavings** -call scrap metal dealers in your area first.

**Use good oil for molds** ( extravirgin olive oil/rose oil/ almond oil), not cancer causing vegetable oil. Silicone molds are best ( Dollarama) or Value Village.

**Add a shell and/or non hybrid seed for life force energy.** Shell has a **fibonacci sequence** that is found in all living things as they grow.

**Add Grounding stones** so you don't have to bury the orgone. Stones and shells are in Dollarama. **Seeds** can be bird/medicinal/spice. NO MONSANTO seeds- they have a reverse spin that your body doesn't recognize.

**Use your intuition. ALWAYS wrap the quartz crystal from FLAT to TIP CLOCKWISE** (your hand is moving in a clockwise direction, so that it gives out + /NOT - orgone.) Binding the crystal in copper wire controls the hyperinfinity in crystals, so they don't access all dimensions, including the lower/negative ones.

**Avoid phallus shapes. DO NOT MAKE PYRAMIDS** (ego, Apollo, Atlas, masculine, phallus). They increase the - orgone. Jehovah Witnesses and Rocky Mountain Mystery School has pyramids. Lucifer portal.

**Dome energy** is female energy ( heart chakra). Flat topped orgone is + orgone.

**CLEANSE crystals** in pure water ( rose oil/water has high vibration life force energy) or meditate with them in your bath, if you are healthy and clear of demonic attacks. Charge them in high sunlight 11 am to 1 pm and then **full moon 11 pm to 1 am** ( moon energy is feminine)

### Others have suggested

Stuart Wilde suggests **chamomile tea** and **lavender essential oil** for the ghouls in your fractal reality

The snakes feed on human emotional energy as well (fear, anger). They're soul eaters. **Black tourmaline + mica works great against dark siders when used in orgonite. It grounds their negative energy and can also reflect it back on to them. I also use rose quartz.**

**CATS are the best reptilian detectors and reptilian busters known to mankind.** *They have been known to wake up female abductees moments before the onset of a reptilian abduction or rape.*

### Protection and Shielding.

Roxanne suggested that we have this category for information about **techniques to protect oneself, and loved ones.** I know that we don't have a whole lot of time to put up with the **attacks both physical, mental, psychic and emotional but for now, many here are targeted.**

My first and most important suggestion is to **call upon the One, our true Father/Mother God and Creator to help.** This is the key as far as I am concerned.

Also, **using your mental abilities to shield, and protect yourself is important. Use you mind to create a very strong barrier around yourself.** It can be like a **suit of armor, or an electrically charged field. Boost this with your mind, and your breath. Pump yourself up as if preparing for the big game.**

This can be **visual or just a feeling, but make it strong, no gentle white light. It has to be a fortress.**

So please, add your input and suggestions. I know it will be very helpful for those [here.](#)

### Dana add-ons

Try a **Jade Bracelet** on your left wrist to protect your right brain (creative intuitive side) from **psychic attack.** A **Ring of Return** to give them back what they tried to give you.

**Don't drink alcohol. Avoid all of their chemicals and drugs-** both legal and illegal.

**Eat whole foods ( non hybridized seed). Monsanto seeds are POISON** and the body does **not recognize it as food.**

[www.jrgenius.com](http://www.jrgenius.com), [www.orgonemasters.com](http://www.orgonemasters.com), [www.serenityglobal.com](http://www.serenityglobal.com),  
[www.holyhealthy.com](http://www.holyhealthy.com), [www.canadastreetnews.com](http://www.canadastreetnews.com)

**Drink clean, unchlorinated, unfluoridated water. OZONE water with UV light, add a DC electric charge to kill any microbes. Colloidal titanium has the highest frequency vibration and knocks out all anaerobes.** ( maybe that is why Demons are afraid of titanium golf clubs:))

**Sex with someone possessed can possess you.**

**Fear** and **Disease** lowers your **vibration** and **auric field**.

**DO NOT vaccinate....ever. HEAL with Beck Protocol.** Even Rabies can be treated by emersing your cat/dog in Colloidal silver/ gold/ titanium water. They can lick off the water. Keep it in their dish. Make it yourself for pennies. You can use REVERSE OSMOSIS WATER/RAIN WATER/SNOW, if you can't buy distilled water.

## **Stress, Anxiety, Drugs The Truth about; Nutrition by Natalie**

The effect of drugs on your stress and anxiety. This video discusses, **coffee, caffeine, smoking (nicotine), alcohol, anxiety medications** (These medications are sometimes also called minor tranquilizers. These drugs include the **benzodiazepines such as Valium, Xanax and Ativan**. Buspar is also non-benzodiazepine anxiolytic.), **ADHD Medications (Adderall, Concerta, Daytrana, Desoxyn, Dexedrine, Focalin, Metadate, Methylin, Ritalin and Strattera.**), as well illegal drugs such as **cocaine, marijuana, crystal meth**, etc. **Part 2** in a series about **Stress**. Stress is an emotional reaction of anger or anxiety. The effects of stress on your physical health, mental health and emotional health. The symptoms of stress. Stress information. Stress management. Stress relief.

## **Protect yourself from Psychic attack!**

Do this before you go to sleep, take time to do this, really focus but don't concentrate too much. When I do it I not only feel like I've had a really good nap, but that I have a lot more energy and life than if I hadn't done it "maybe something isn't able to leech the energy in the night?"

***Anyway, I can't rely 100% on WHISTLEBLOWERS, so I have to keep digging for truth.***

***Yes...we have a creator who loves us.*** There is good and bad in everything. **DRAGONS, Humans and reptilians included.**

**How to Make Your Own Orgone Blasters** (these are Sherry Shriner's). Why isn't there a penny or copper shavings added in this video? They are not made as the directions on Shriner's **orgoneblaster's** site. **These are way weaker than even her blasters, yet Shriner would always criticize my Orgone Masters)**

<http://www.orgoneblasters.com/make-your-own.htm>

**Deactivating Chip Implants** You need to put the North side of the magnet against your skin. Any compass can tell you what the North side is, just hold the magnet up to the compass.

**MYLAR blankets to cover your windows.** If you feel like you are burning up and sweating from the inside out, they may be microwaving you thru your window.

We need to learn how to heal psychically.

I have also put strong magnets on my 3rd eye and have slept that way for a few nights. For liability and legalities...I **won't** tell you to try the same. STATES in video above that brain implants will not deactivate.

My **psychic healer deactivated mine.** I had one blocking my 3rd eye, in the middle of my forehead. This can be done with remote healers. MINE was of **COPTIC** tradition (Magdalene high temple priestess) used a **huge beeswax candle** on her side and I had a similar candle on my side. VERY COOL. Candle represents you and your light. I had to drink a certain tea, read Psalm 54 (7 times for 7 days) and journal my thoughts, then bring the papers to her. Bathing in certain prepared salts for 7 nights. MATERIALS for this method can start at ~\$800. You need pure materials. Mediation time for the healer is time consuming, so don't think that this is expensive. Nothing else worked on me, in the past.

(**Lizards watch you in the bath...perverts**). Lizards were attacking her as she tried to heal me. My attacks on my sciatic nerve (to prevent me from writing [Canadastreetnews.com](http://Canadastreetnews.com)), were also felt by her 800 km away.

This is just what I did. You can try other methods that speak to your heart. (avoid Satanic Luciferianism of course). GOOD LUCK

**Healing thru Touch** may transfer unwanted energies to a healer, especially if the healer is close to you personally.

Once you are healed, you can transfer your healing to your crystals and jewellery.

BLACK MAGIC was on high attack after me, especially earlier this year.

I had to wear a **RING of RETURN jade** bracelet on my left wrist. I also need to find a neon flashing light to distract them. My life purpose = taking down these DEMONS head on.

Blessings

Dana

**Basically-we need to protect ourselves from the NEW WORLD ORDER evil attacks** <http://www.orgoneblasters.com/>

**Orgone is the Universal Life force**, the basic building block of all organic and inorganic matter on the material planet. Coined by Dr. Wilhelm Reich, Orgone has been called Chi, Prana or simply the Force.

## **ORGONE (LIFE FORCE) THEORY OF OPERATION**

Electricity, magnetism, gravitation, elf waves, cell phones, radioactivity, etc, are all invisible energies on the physical plane of existence. They all give off vibrations. Some of these man made vibrations are harmful to humans. Wilhelm Reich called them DOR (deadly orgone). The strength of these EMF forces diminishes with the square of the distance traveled. LIFE FORCE is also invisible. It is not man made and can even be directed mentally. The great shamans, medicine men and healers of all times used their minds to send LIFE FORCE. Many sensitive people can feel this force.

**Orgone Masters have Neodyne magnets that suck in the Dead Orgone Energy (DOR).** The metal shavings in the resin collect the **DOR**. The copper coiled **Quartz Crystal** converts **DOR** to **Positive Orgone Energy (POR)**- **LIFE FORCE ENERGY**.

NEGATIVE Energies are neutralized. Gives the area a **protective AURIC FIELD**.

[www.jrgenius.com](http://www.jrgenius.com), [www.orgonemasters.com](http://www.orgonemasters.com), [www.serenityglobal.com](http://www.serenityglobal.com),  
[www.holyhealthy.com](http://www.holyhealthy.com), [www.canadastreetnews.com](http://www.canadastreetnews.com)

With **FEAR**, the auric field is greatly diminished, thus leaving the individual open to NEGATIVE energy attacks or dis-ease.
