**Colloidal Silver, Gold
and Titanium Kills
Bacteria, Viruses and
Fungus**

We accept **Barter and
Trade** locally.

Colloidal Solution \$15 per 8 oz (10-20 ppm)

Colloidal Solution \$30 per 24 oz (10-20 ppm)

Colloidal Silver Homemade Generator Kit (27 V)
\$55 (includes 2-3 inch 0.9999 silver wire).

HOW TO ASSEMBLE your own generator

1. Take 3 **9v battery holders** and solder them together in **series (+ to -) to (+ to -) to (+ to -)**
2. Attach the red + end of **battery holder** to **insulated wire** (like phone cable) and to red (+) **battery clip**
3. Attach the black (-) end of **battery holder** to **insulated wire**— end to black (-) **battery clip**.
4. **Solder** all bare wire and cover with electrical tape. Wrap all 3 battery holder clips together using electrical tape to prevent damage and short circuiting.
5. Test with a **voltmeter** to see if **27V** of DC current flows thru the generator after connecting **3 9v** batteries.

(car batteries and booster cables can be substituted for the above. Also pure silver, gold coins will work)

Gold has a higher frequency than silver, while the frequency of **titanium is higher** than gold. **Nothing on planet Earth in microbe form** can survive the frequencies of **colloidal titanium and colloidal gold**, while colloidal silver will destroy nearly all of them.

6. Use **2 Pure silver wires for electrodes**. Wrap pure **gold** and pure **titanium** wire around the **silver** wire. Attach it to the positive electrode.
7. The **3 wired Colloidal + IONS** will flow from the **Positive electrode** to the **negative** electrode.
8. Clip on **3 9v batteries**. Test on **voltmeter** to see if it reads **27V**.
9. Use **reverse osmosis** water (or distilled) if available. **CLEANEST** water is **KEY!** Ideally, purchase an RO system that connects to your kitchen tap. (Some systems have UV light)
10. Put water in a large clear glass jar.
11. **Laser Light** test the water. If the laser shines thru the water **without** creating a **streak**, then the water is **PURE** with no particulates.

Now you can make OLEE H2O™

1. Attach the silver wires onto the neg and pos alligator clips. On the RED clip (+ positive), wrap the **gold and titanium wire** around the silver wire.
2. Suspend the wires in the water (glass jar), keeping them apart with a clip or ruler (at least one inch). **DO not** get the alligator clips wet. **ONLY THE WIRES** are in the water.
3. Put the glass jar with the generator in a dark place.
4. Check the **colloidal concentration** with a **laser light** to see if you get a cloudy streak now. (check light beam density every hour).
5. More ppm concentration in water, longer it takes. (about 1 litre / 1 hour is ideal).
6. The ppm (parts per million) will increase to a point, where eventually you will get too much colloids and it will start to settle out as a precipitate.
7. Your solution should still look clear, like pure water. The only difference is the **cloudy beam** of particulates by **LASER light** testing.
8. Store in a dark place in a clear container. (opaque/non-reactive). A glass jar or a milk jug works

fine if stored in a dark place. **Brown glass bottles** are most ideal.

Ozonate water with UV light or ozonator to add more oxygen content.

I make **herbal teas with my OLEE H2O™** and drink it freely, about 3 glasses/day. **NEVER worry about turning blue**, like the **medical cartel** wants you to believe.

I also **sun tan** without sunscreen. The UV light heals your body and also produces vit D. I am **NOT BLUE** and drinking OLEE H2O™ for years/daily.

My cats prefer to drink OLEE H2O™ and have noticed more energy and weight normalcy in the older cat, after I put her on OLEE H2O™.

Candida is a fungus that is a culprit for bloating, fatigue and weight gain.

Titanium and Gold fused quartz crystals in RO water can also help to stabilize and purify water.

Scabies, Warts, Colitis, Leprosy, Scarlet Fever

West Nile Virus, Conjunctivitis, Leukemia,
Scarletina, Whooping Cough, Cystitis, Lupus,
Seborrhea, Yeast infection.

Colloidal silver (CS) is a **natural antibiotic** which has
been used throughout the world for centuries as a

means to **destroy microbes of all kinds and to correct
many health problems**. It was removed from public use in
the United States in the 1920's and 1930's by the
medical profession in **their move to purge natural health
remedies from the marketplace**. As late as August, 1998
the FDA ordered all colloidal silver removed from all U.S.
Health Stores, but due to public outcry, that order has been
temporarily relaxed. Today, the use of colloidal silver is
spreading rapidly throughout the medical community in the
healing of burn victims. Medical doctors have never denied
the merits of silver in the form of silver nitrate as a
bactericide. Silver nitrate is routinely used in drops put into a
baby's eyes at birth to prevent blindness from venereal
disease.

Silver acts as a second immune system for humans
by **destroying bacterias and viruses** of all kinds. It is
**toxic to bacteria, viruses, yeasts, fungi (molds),
protozoa, and parasites in the egg stage**. Therefore,
CS will destroy staph and strep bacteria which are so
common in today's health problems. In the silver
literature there are listings of **over 650 diseases** and
health problems that silver in colloidal form will effect in very
positive ways. The **frequency of silver is higher** than
almost all of the known **harmful crystal-headed viruses**
such as that of AIDS, Ebola, West Nile, and SARS and **thus
will destroy them**. Usually these
viruses are no problem to a person with a strong
immune system and good nutrition. Those dying from
these diseases today usually have neither of these.

A colloid is a substance of **ultramicroscopic**
particles. Colloidal silver is nothing more than very tiny
particles of **pure silver suspended in distilled water**
through the process of electrolysis. **The smaller**
the particles in **CS the better** the body can assimilate them.
Colloidal silver is odorless, tasteless and has no known
negative reaction to any medication, health problem,
diet, or artificial alteration to the human body. It is
considered, along with gold and titanium, to be Creator
God's natural antibiotic provided for the good health of
the people of planet Earth. **Gold has a higher
frequency** than silver, while the frequency of **titanium** is
higher than **gold**. Nothing on planet Earth in **microbe
form** can survive the frequencies of colloidal titanium
and colloidal gold, while colloidal silver will destroy
nearly all of them.

Dr. Hulda Clark has done extensive
research and application in the field of holistic health.
"What Do We Know About Colloidal Silver?" Edited
By: Christine Doyle
From Dr. Clark Newsletter:
<http://www.silverpuppy.com/drclarknews.html>

A better strategy might be to abandon antibiotics altogether
in favor of different kinds of
drugs." **Bacteria** have a tremendous ability to adapt to
substances. They can and do mutate to **overcome
antibiotics**. When the antibiotics destroy the bacteria which
are susceptible to them, they can clear the way for resistant
bacteria to move in uninhibited.

Beneficial bacteria and organisms play various **important,
natural functions** in the body.
Antibiotics often play havoc with some of the friendly
organisms, producing long lasting side effects that may
be difficult to correct.

Antibiotics can be **patented**. Therefore, the pharmaceutical
companies find it financially worthwhile to keep the doctors
educated in their medicines, while other products go
unnoticed. **Silver**, on the other hand, is **not patentable**
and there are no huge profits in it, so it is not worth
heavy promotion. The high-priced products run over the
low cost products, simply because of profitability. All of this is
happening at the same time that disease bacteria are
developing immunity to antibiotics all over the world. The
medical profession is alarmed.

Silver is emerging as a wonder of modern medicine. An
**antibiotic kills perhaps a half-dozen different disease
organisms, but silver kills some 650. Resistant strains
fail to develop**. Moreover, **silver is virtually non-toxic."**

Silver has been known to be a **bactericide** for at least
1200 years. Even in ancient times, it was known to
prevent disease, and it was said that disease could not
be transmitted in drinking from a silver cup. Silver coins were
commonly dropped into a jar to prevent the
spoilage of milk and other drink, and silver containers
were used to prolong the **freshness of foods** in general.
Wealthy people used to feed their babies with a silver
spoon, which was considered to be a cause of **strong
healthy growth**. After the development of the patented
antibiotics, silver was forgotten in the United States and
most other places, although the **antibiotics** are only
effective against **bacteria**, not **viruses, yeast, or fungi**.
Now, with the greatly improved modern colloids, the tables
are turning and silver may be the most effective treatment of
all.

How you can use Colloidal Silver

Add CS to **drinking water** when on holiday or camping.
Sterilize anything from tooth brushes to surgical
instruments, spray on garbage to prevent decay odors,
disinfect dish cloths, cutting boards; add when canning,
preserving or bottling fruits and vegetables; spray in
shoes and between toes to kill fungus; disinfect bath
water, use as gargle, douche, colon irrigation, nasal

spray; drop onto bandages and plasters to hasten
healing time; soak dentures; spray refrigerator, freezer,
food storage containers to stop mildew, mold, wood rot,
fungi. Use to spray pet's bedding; use in cleaning and
mopping solutions. Spray on the top of open jam jars
and food lids before closing to prevent mold. Spray air
ducts; use in the final washing machine rinse cycle, and
dishwashers. Spray around plant roots to stop rot;
spray foliage to remove aphids and mold; use inside
gloves and under fingernails, rinse fruit and vegetables,
use in shampoos and rinsing water; spray pets and use
in pet drinking water; spray carpets, wipe telephone
mouthpieces, headphones, hearing aids; spray
mattresses and allow to dry to kill dust mites; clean
combs and glasses. Apply to baby for diaper rash and
spray inside of diapers. Clean bathrooms, kitchens,
floors, underwear, pillowcases, etc., etc.

Swishing the solution briefly under the tongue before
swallowing ensures faster absorption and destroys
mouth bacteria. **In several days** CS will have
accumulated in the tissues sufficiently for **benefits to
begin**. It is eliminated via the kidneys, lymph and bowel
within three weeks.

CS is painless on cuts and abrasions, in open wounds,
in the nostrils for sinus stuffy nose and even in babies
eyes, because unlike antiseptics it does not destroy
tissue cells. Inside the body silver forms no toxic
features. It cannot react or interfere with any other
medication being taken.

What exactly is Colloidal Silver (CS)?

Simply put, colloids are extremely **minute silver**
particles suspended in **water**, with a **positive electrical
charge**. The smaller the silver particles, the more
effective CS has proven to be. The best Colloidal Silver
is produced at the molecular level. A **small DC current**
is passed through an electrolyte (**distilled water**) with
silver electrodes. Minute, molecular sized particles are
drawn off the positive electrode, having a positive
electrical charge. **This electrical charge** is of **primary
importance to healing and antibacterial qualities**. The
charge slowly dissipates, especially when exposed to **light**,
and therefore, the freshness of the colloid is
important.

In "Colloidal Silver", a booklet produced by the
Association for Colloidal Research, it is reported that:
There has never been a reported reaction with Colloidal
Silver to any prescription medication," and **no known side
effects** from oral or IV administration of properly
manufactured Colloidal Silver in animal or human testing.

The evidence appears to support the theory that

Colloidal Silver is **highly effective against all strains of pathogenic bacteria**, while any one antibiotic is only effective against a few certain bacterial strains. Furthermore, antibiotics have never been effective **against viruses, yeast or fungi**. Yet, researchers are telling us that Colloidal Silver has produced phenomenal results in **tissue healing and reconstruction**, as well as **reducing scar tissue** in clinical tests. Severe cuts and wounds have healed in much less time. Laboratory tests have shown **CS to kill over 650 destructive bacteria, viruses and fungi within minutes of contact**.

Other voices:

Dr. Hirschberg, John Hopkins: "...remarkable for their beneficial action in infective states". Dr. Henry Cooks: "**I know of no microbe that is not killed in laboratory tests within six minutes**". Dr. Gary Smith: "When silver was present the **cancer cell was de-differentiated and the body was restored**".

Certain bacteria are essential to healthy body function. Several researchers claim Colloidal Silver only attacks the unfriendly pathogens and **will not harm the friendly ones**, but one must wonder how it can possibly differentiate. The explanation is that the **friendly bacteria are aerobic**, while unfriendly bacteria are **anaerobic**. Silver does not attack bacteria directly, but rather **decomposes certain enzymes** the anaerobic bacteria, viruses, yeast, and molds require. The silver acts as a **catalyst** and is not consumed in the process. It is probable that this indirect action is also the reason **bacteria cannot develop a resistance** to silver, as they do to antibiotics.

Some researchers do tell us, however, that in **prolonged, very heavy doses, some silver compounds will leave gray deposits in the heavier skin folds** such as the knuckles. This condition is known as "**Argyria**". The only problem to these deposits is said to be the cosmetic appearance and the condition is said to be **rare**. Some experts say this condition has **never** been known to occur **from silver in the colloidal state**. Other experts do, however, warn that this might be a problem with extremely high, prolonged dosages (such as drinking many quarts of CS per day over months of time). The very small particle size in the Colloidal Silver would seem to make this possibility remote. Argyria is correctable with laser treatment, like a tattoo. (It should be noted that there has been only one case of Argyria reported in the world in the last 100 years.)

Medical Uses

Infections in burns often failed to respond to **antibiotics**.

Most antiseptics actually destroy the delicate healing tissues in severe burns and were very painful. The greatest problem was the bacterium *Pseudomonas aeruginosa*, which is particularly infectious to burns and fails to respond to all common antibiotics.

Silver as an antimicrobial agent. **Silver nitrate**, the same solution used in newborn babies' eyes at birth to prevent blindness from venereal disease worked! However, it disturbed the balance of body salts, stained everything it touched, and in high concentrations was corrosive and painful. All of these problems were solved by Colloidal Silver. With Colloidal Silver as the base, a salve has been extremely effective in treating the infections and healing in serious burns. Colloidal Silver is now routinely used for severe burn victims, resulting in a large **reduction of scarring** and a heavy reduction of deaths for extensive severe burns.

Another line of research that has led to this change of thinking is described in the best seller: "The Body Electric", in which Robert Beck, leading research scientist in the field of bone regeneration, states: "The germ killing action of silver has been known for some time. The Soviets use silver ions to sterilize recycled water aboard their space stations. It kills even antibiotic-resistant strains, and also works on fungus infections." He goes on to say: "**It stimulates bone-forming cells, cures the most common stubborn infections of all kinds of bacteria, and stimulates healing in the skin and other soft tissues.**"

Dr. Beck concluded: "Cells exposed to positive silver ions profoundly stimulate healing in a way unlike any known natural process. Whatever its precise mode of action may be, the electrically generated silver ion can produce enough cells for blastomas; it has restored my belief that full regeneration of limbs and other body parts can be accomplished in humans."

The silver ion produces some cells with no differentiation. These cells can turn into any cell that is needed. Only these de-differentiated cells can be used to create the cells necessary to replace destroyed cells such as in a wound or rebuild missing tissue. It seems to be for this reasoning that Colloidal Silver heals injuries without scarring, or at last greatly reduces scarring, while greatly accelerating the reconstruction or general healing of wounds. Scar tissue develops when de-differentiated cells are in short supply. Therefore it would seem, from the evidence at hand, that CS could reduce or prevent internal scarring and promote internal healing after surgery.

Other medical uses:

Silver aids the **developing fetus in growth, health, and eases the delivery and recovery**." Hospitals routinely use it in new-born infants' eyes to **prevent 'infection caused' blindness**. Silver seems to be even **more promising against AIDS**, and there seems to be no doubt that silver supports the T-cells in their fight against foreign organisms in the blood. It virtually forms a second immune system, actually protecting and defending T-cells. Marvin Robey, has personally used a strong dose of Colloidal Silver (4 oz. of 500 parts per million) for a 'cold' in its early stages. It provided relief in two hours and cured the cold completely in about 24 hours. Others say that it quickly cures their colds in more advanced stages...

Physiological information about CS

The body's ability to process the tiny atoms of Colloidal **Silver makes silver build-up in the body impossible**.

CS is the only form of silver that can be used safely as a supplement. It is absorbed into the tissues at a slow enough rate that is not irritating to tissues, unlike silver nitrate which reacts violently with tissues because of its caustic action.

The body has a vital need for silver to produce new healthy cells. Since our blood is also a colloid, the harmonious way the colloids enter the body may well make **Colloidal Silver the safest medicine on earth**.

A deficiency of silver in the diet contributes to disease.

In fact he found that those with low levels of silver in their body had frequent colds, flu, and sicknesses. He feels that a silver deficiency can be the cause of improper functioning of the immune system.

"In the former Soviet Union, silver is used to sterilize recycled water aboard space shuttles. NASA has also selected a silver/water system for its space shuttle. Internationally, many airlines use silver water filters to guarantee passenger safety against water-borne diseases such as dysentery. The Swiss government has approved use of such silver water filters in homes and offices. In the U.S some city municipalities use silver in the treatment of sewage. Silver works so well in purifying water that it is sometimes used to purify swimming pool water. It does not sting the eyes as chlorine does, and it does kill mosquito larva. An experiment conducted in Nebraska demonstrates its effectiveness. Fifty gallons of raw sewage were pumped into a pool without any disinfectant. A standard measure of contamination is the count of *E. coli*, a bacteria organism found in the intestinal tract. The count soared to 7000 *E. coli* cells per milliliter of water. When the water was exposed to

silver electrodes, within three hours it was completely free of *E. coli*."

You can make your own colloidal silver with a CS generator far more cheaply than purchasing the CS from a health store at \$10 per ounce. CS generators for home use are made by various companies listed on the internet

Use a larger **glass container** such as a **quart or two quart jar** to make larger amounts of colloidal silver. The solution reaches the ppm, usually in about **one hour**. One word of caution is that colloidal solutions using electrolysis must be made with **only distilled water**. Any other water contains minerals which will render the passing of an electric current through it ineffective for making a colloidal solution.

The **human body utilizes colloidal silver at the rate of three to five ppm**. Higher concentrations of silver are not harmful in any way but they do not kill internal microbes more effectively. For a **topical application** of CS a silver concentration of **60 ppm** or higher is needed. AT this level CS is effective as an after-shave, deodorant, mouth wash, for gargling and for burns, cuts, insect bites and other skin irritations.

On a side note the early pioneers of the U.S. "Old West" would put a silver dollar into a bucket of fresh milk and keep it from spoiling without refrigeration for two to three days. They also used true silverware and silver dishes which aided their health. Also, for many centuries the Royal Families of the world have been called "**Blue Bloods**" because of the high silver content in their blood. They stored their food in silver dishes, ate from silver plates and cups, and used true silverware. They had no modern medicine and medical doctors but remained healthy. The "commoners" could not afford silver utensils and were usually sick.

We recommend **one-fourth to one-half cup of colloidal silver a day as a maintenance program**, if you are able to make your own CS. CS can be put into your drinking water and used throughout the day or taken at meal times to keep your body constantly supplied. Over time light will reduce the positive charge on the silver ion, causing it to precipitate from suspension. The silver will then adhere to the walls of the container and render it unusable. This problem is corrected by storing CS in **amber colored glass bottles**. This gives it an indefinite shelf life.

Colloidal gold (CG) is nearly unavailable in U.S. health stores today, as are CG generators on the internet. The price of gold makes buying CG very expensive. The U.S. Government has effectively prohibited the manufacturing of CG generators, but one

source is found at <http://www.biophysica.com>. Colloidal titanium and colloidal titanium generators are nearly impossible to find in the marketplace.

The big lie is that all healing can only happen through the medicines, drugs, medical techniques and expertise of the medical community. Medical doctors are honored as the God's of Healing and are paid accordingly. **Behind the scenes the pharmaceutical companies control all.** They fund the medical research grants at the universities to control the results, and they bribe the medical doctors to utilize their drugs and techniques by allowing the doctors to become stockholders in their pharmaceutical companies. This is all done at the expense of those who suffer from illness, and many, who are ill, have become so from the medications and techniques of the medical community.

Colloidal silver is kept secret by the pharmaceutical industry for two very important reasons. The first reason, of course, is that the effectiveness and availability of CS would **severely cut into the profits** the drug companies make today on all the various antibiotics, flu, and cold remedies. The second reason is that **CS can not be patented.** The Food and Drug Administration has classified CS as a pre 1938 drug, which makes it exempt from current patent laws. If a product cannot be patented and a monopoly held on it in the marketplace, it cannot demand a high price. Therefore, CS is worthless to the pharmaceutical profiteers. In fact they are fearful that colloidal silver may return to public use and have worked hard to keep it hidden.

Is it any wonder that colloidal silver which can stop viruses such as **West Nile, AIDS, Ebola, Bubonic plague, and SARS**, is kept hidden from public use? Something so inexpensive, so easy to make, and so accessible to the public as colloidal silver would cause **so much good health as to wipe out whole sections of the pharmaceuticals in thousands of hospitals and drug stores.** Such is the trillion dollar drug lie.

Can you imagine a world without harmful molds and bacteria? Can you imagine a world without the common cold, without AIDS, without the "flu", without venereal disease, without SARS? **That is the world of colloidal silver.**

Dr. Hulda Clark feels that sufficient CS is ingested from cleaning the teeth. Perhaps more is needed in certain conditions. Other doctors suggest one or two teaspoons daily. There is no limit for external use. In general, modern Colloidal Silver is of much better quality than it was in the

1930's and 40's due to modern knowledge of how to produce it. Still better news is that you can produce the Colloidal Silver of the finest quality yourself for pennies a bottle. This way, you know it is fresh and you have a better idea of the concentration and quality.

When current is applied to silver in solution the particles that break off will always be the same size: 1.26 angstroms (.000126 microns). This is so small that its nearest rival is an atom. Very simple, inexpensive, easily used and maintainable equipment is now available by several manufacturers to make your own Colloidal Silver of the finest quality, absolutely fresh. To purchase ready made CS is highly expensive. To make it for yourself via a little machine costs only cents. "The purity of the silver is an important issue. The manufacturer of the silver should divulge this. Use only 99.99% pure silver.

[how to make Orgone Masters by Dana Horochowski](#) **directions.**

Orgone Masters Steps

1. **Spray molds** with high vibration oil.
2. **Add neodyne magnet** (or **pure copper penny** if no magnet), then copper/aluminum shavings to bottom. **North side down.** This will allow a **MAX DIPOLE.** USE this magnet part to deactivate chip implants. (+ qi)
3. **Add crystal** that is **clockwise wound** and **pointed upward.**

OLEE H20™©

10

Jrgenius.ca

(Tighter Winding= more squeezing = more piezoelectric effect.) COIL EVERY quartz CRYSTAL **CLOCKWISE** (RHR=right hand rule for flow of electrons (-) to the (+) N POLE Magnet that you add. If you have other crystal types, they can rest in a chamber of copper-coiled clockwise, winding upward like a staircase. (*eternal PIEZOELECTRIC SQUEEZING COMES FROM RESIN AFTER DRYING*)

4. Add grounding stones, shell, seeds to top and sides to cover the metals.

I add glass beads or various other crystals from necklaces for different colour and frequency emissions. **ROY GBIV** rainbow colors for Chakra

balancing. If you are going to do that, then they have to also go on the magnet side. Lay down the coloured beads or crystals and the magnet N + down first, then coiled crystal, and shavings around it. Amethyst is great for psychic attack prevention. Amethyst can also be added and coiled like clear quartz. (Purple is High Frequency vibration so it can activate dna to that level.)

5. Add hardener to resin. Cover with resin (outside). Pour, let sink in then add to top it off. Cover crystal so

that it is not bare.

6. MAGNETS attach to railings on highways, stair wells, electrical boxes, fences, some utility

poles and death towers, etc. They attract negative energies into the orgonemaster and are processed out the tip into positive orgone.

KEY- orgone is generated by a combo of **inorganic metals** and an **organic matrix**. Glass beads are much like fibreglass resin. (your body is an organic matrix, so **DAISY DOWSERS** act like orgone generators on your body. The crystal is coiled in a **clockwise motion** in copper wire for +qi. Dowsers need to be cleansed in **PURE incense smudge** and **charged in full sunlight** and/or **moonlight**. (sweetgrass, cedar, white sage are my favourites <http://sacredfeathertraders.com/>)

See Orgonecrystals.com (MY FAVOURITE) http://66.49.206.24/orgonecrystals.com/catalog/crystals/quartz_brazil.html

or [Jim Coleman crystals](http://66.49.206.24/jimcolemancrystals.com/quartzpoint) love them too <http://66.49.206.24/jimcolemancrystals.com/quartzpoint/s/qtzptspond1.htm>- buy Item # JP-L-BZ \$8, or Item # JP-MR \$15

Applied Magnets (cylinder neodymium magnets. **NORTH SIDE DOWN**, attach to metal surface to prevent slipping and away from pointed tip of Quartz) http://66.49.206.24/magnet4less.com/index.php?cPath=1_11

Fibreglass Resin- auto parts-Bondo Fibreglass resin ~ \$20 Canadian Tire/ Walmart \$17

Copper Wire - 18 gauge or 22, TimBr <http://66.49.206.24/corfil.ca/>. Some people like to match the length of the wire with the same length of a chosen frequency like the Great Pyramid, but I AM not into calling in anything that is related to those pyramids. I prefer to **magnify PRANA-**

LIGHT and **AGAPE AMOR**, so I put my **intent** into the wire, regardless of how long it is. Measuring is too left brain for me. **FEEL your HEALING.**

Copper scrubbies to cut up (Dollarama). **Aluminum shavings** -call scrap metal dealers or metal fabrication companies in your area first. or buy shavings [at http://66.49.206.24/orgonecrystals.com/](http://66.49.206.24/orgonecrystals.com/)

Use good oil for molds (extra virgin olive oil/rose oil/ almond oil), not cancer causing vegetable oil. Silicone molds are best (Dollarama) or Value Village.

Add a shell and/or non hybrid seed for life force energy. Shell has a **fibonacci sequence** that is found in all living things as they grow. (**Mean GOLDEN RATIO of PERFECT LIFE**

FORCE and **GROWTH.**)

Add Grounding stones so you don't have to bury the orgone and the charges will keep clearing and reviving. Stones and shells are in Dollarama. **Seeds can be bird/medicinal/spice. NO MONSANTO seeds-** they have **averse spin** that produces (-) **ORGONE** or Qi.

Use your intuition. ALWAYS wrap the quartz crystal from FLAT to TIP CLOCKWISE (your hand is moving in a **clockwise** direction, so that it gives out + /NOT - orgone.) Binding the **crystal in copper wire controls the hyperinfinity and POLARITY** in crystals, so they don't access all dimensions, including the lower/negative ones.

Avoid phallus shapes. I DO NOT MAKE PYRAMIDS (ego, masculine, phallus/ fission/ explosive E). Just an ignorant flip of the magnet, crystal or coil in the **wrong direction** and you can be bringing in a whole **STARGATE** of **unwanted visitors**. They will increase the **dipole** in the orgone. Jehovah Witnesses and Rocky Mountain Mystery School have pyramids. Lucifer portal. (- +)**Ascended Masters in 4d drama...beware.**

I know pyramids can heal, but make them **yourselves** if you want **HEALing,**

not lower ASTRAL Visitations.

...Like Sherry Shriner's **Orgone Blaster** **JEHOVAH DRAGON JERK** and his **GRAYS**.

By **BAAL Belters** are in for a **real SHOW~!** You wanted

Yahweh...you are going to get him. Paid for \$\$\$ by you\$. I told you so!

Run Shriner Run...you will have angry customers, not to mention other entities blasting in your vicinities.

Your god is a

DRACONIAN. Heaven help your children!

Orgone

MASTER

Qi Miracles

Jrgenius.ca

Dome energy is **female** energy/ **WOMB/ FUSION /GROWTH/ MATTER** from **ENERGY/ mother/EARTH/ SPHERE/heart** chakra. **Flattopped orgone** is **FEMALE DOME ENERGY** orgone because the **energy radiates in all directions, far and wide. LOVE/LIGHT/HEALING** is shared equally. It is **not a STARGATE**.

CLEANSE crystals in pure water (**rose** oil/water has high vibration life force energy) or **meditate** with them in your bath, if you are **healthy** and clear of demonic attacks. Charge them in high sunlight 11 am to 1 pm and then **full moon 11 pm to 1 am** (**moon** energy is **feminine**)

Others have suggested

Stuart Wilde suggests **chamomile tea** and **lavender essential oil** for the ghouls in your fractal reality

The **snakes** feed on **human emotional energy** as well (**fear, anger**). They're **soul eaters. Black tourmaline + mica** works great against **dark siders** when used in **orgonite**. It grounds their **negative energy** and can also **reflect** it back on to them. I also use **rose quartz**.

OLEE H20™©

13

Crystals love to be squeezed, and not just in your hands. Most crystals were born deep underground under great heat and pressure. They feel at home in **orgonite** since the **resin contracts when it cures**, thereby **permanently squeezing the crystals** and creating **piezo electric effect**. A great example of the piezo electric effect is **earthquake lights**. In other words the **crystals ramp up**, and they **never run out of power**. A nice side effect is that the **crystals continuously clear themselves under this effect at the same time amplifying the metaphysical properties** of

the **gemstones** in the **pendant**. <http://educate-yourself.org/>

piezoelectric effect was discovered in 1880 by the Jacques and Pierre Curie

brothers. They found out that when a **mechanical stress** was applied on crystals such as **tourmaline, tourmaline, topaz, quartz, Rochelle salt and cane sugar, electrical charges appeared**, and this voltage was proportional to the stress. Piezoelectric materials

The piezoelectric effect occurs only in **non conductive materials**. Piezoelectric materials can be divided in 2 main groups: **crystals** and **ceramics**. The most well-known piezoelectric material is **quartz (SiO2)**. Quartz SiO2 Introduction

The **trigonal crystallized silica** of SiO2 is known as **Quartz** and is one of the **most common crystals on earth's surface**. It has an **hexagonal** structure made of, **Quartz** is a

Jrgenius.ca

very **pure crystal** and contains only traces of other elements. Natural quartz contain: Al3+: 13 to 15,000 ppm, usually only 100 ppm, Fe3+: Ti4+: P5+: H+: Li+: Na+: 9 to 1400 ppm K+: 3 to 300 ppm Density: 2.65 g/cm3 Mineral class: Oxides/hydroxides

Piezoelectricity-Quartz shows a strong piezoelectric effect **perpendicularly to the prism axis**.

Applying **pressure** on a quartz crystal generates an **electrical polarization** along the **pressure direction**.

Alternatively, applying an **electrical tension** leads to a **mechanical deformation** of the crystal. <http://66.49.206.24/piezomaterials.com/>

-Although the magnitudes of **piezoelectric voltages, movements, or forces are small**, and often require **amplification** (a typical disc of piezoelectric ceramic will increase or decrease in thickness by only a small fraction of a millimetre, for example) piezoelectric materials have been adapted to an impressive range of applications. The piezoelectric effect is used in **sensing applications**, such as in **force or displacement**

sensors. The inverse piezoelectric effect is used in actuation applications, such as in **motors** and devices that **precisely control positioning**, and in **generating sonic and ultrasonic signals**.

What can [piezoelectric ceramics do](#) ?
Mechanical compression or tension on a poled piezoelectric ceramic element changes the dipole moment, creating a **voltage**. **Compression** along the direction of polarization, or tension perpendicular to the direction of polarization, **generates voltage of the same polarity as the poling voltage**. **Tension** along the direction of polarization, or compression perpendicular to the direction of polarization, generates a voltage with **polarity opposite that of the poling voltage**. These actions are **generator actions** -- the **ceramic element** converts the **mechanical energy of compression or tension into electrical energy**. This behaviour is used in **fuel-igniting devices, solid state batteries, force-sensing devices**, and other products. Values for **compressive stress** and the **voltage** (or field strength) **generated** by applying stress to a piezoelectric ceramic element are **linearly proportional up to a material-specific stress**. The same is true for applied voltage and **generated strain**.

If a voltage of the **same polarity** as the poling voltage is applied to a ceramic element, in the direction of the poling voltage, the **element will lengthen** and its diameter will become smaller. If a voltage of **polarity opposite that of the poling voltage is applied**, the element will become **shorter and broader**. If an **alternating voltage** is applied, the element will **lengthen and**

shorten cyclically, at the **frequency of the applied voltage**. This is **motor action** -- electrical energy is converted into mechanical energy. The principle is adapted to piezoelectric motors, sound generating devices, and many other products.

There are **three common types of thermosetting resin** to choose from: **epoxy, vinyl ester and polyester**.

Fibreglass Resin (BONDO) MOST COMMON and has glass which is **CRYSTALLINE**-To form fiberglass, thin strands of glass are separated into minute fibers. These fibers retain the properties of **glass**, but can be pliable and mixed with other products. Fiberglass can be combined with a wide range of materials, depending on the desired end product. When mixed with **resin, fiberglass** becomes very thick and is temporarily quite malleable.

Moldmaking, molding and laminating operations can be performed with any system. **Epoxy is the higher performance** and higher priced system. It is used in **weight critical, high strength, and dimensionally accurate applications**. **Vinyl Ester resin** offers corrosion resistance, heat resistance and is blended for toughness. **Polyester resins** are less expensive, offer some corrosion resistance, and are more forgiving than epoxies. For this reason, they are the most widely used.

Epoxy vs Vinyl Resin-The number of links of epoxy molecules is to a kevlar fiber would be **much harder to count** than the number of links made by **vinylester resin** to a kevlar fiber. **Epoxy (yellow) resin** has **more bonds of elasticity**, so it will **PULL/PUSH more** on the **CRYSTAL**. **Vinylester resin** is just easier to use at the factory level but **nowhere near as strong as epoxy resin**. The **cross linking is just not there** in vinylester resin and the kevlar fibers can pull out of the glue more easily when stressed. <http://66.49.206.24/redrockstore.com/resin.htm>

Quartz crystals have piezoelectric properties; they develop an electric potential upon the application of mechanical stress.

Major varieties of quartz

Chalcedony Cryptocrystalline quartz and moganite mixture. The term is generally only used for **white or lightly colored** material.

Otherwise more specific names are used.

Agate Multi-colored, banded chalcedony, semi-translucent to translucent

Onyx Agate where the **bands are straight, parallel** and consistent in size.

Jasper Opaque cryptocrystalline quartz, typically **red to brown**
Aventurine Translucent chalcedony with **small inclusions** (usually mica) that shimmer.
Tiger's Eye Fibrous **gold to red-brown** colored quartz, exhibiting **chatoyancy**.

Rock crystal Clear, colorless
Amethyst Purple, transparent
Citrine Yellow to reddish orange to brown, greenish yellow
Prasiolite Mint green, transparent
Rose quartz Pink, translucent, may display diasterism
Rutilated quartz Contains acicular (**needles**) inclusions of rutile
Milk quartz White, translucent to opaque, may display diasterism
Smoky quartz Brown to **gray**, opaque
Carnelian Reddish orange chalcedony, translucent
Dumortierite quartz Contains large amounts of dumortierite crystals

Natural quartz crystals are almost always **qi dipoles**. When a crystal has one end smooth and pointed, and the other end rough, it is usually the **smooth end which is positive**, and the **rough end which is negative**. This situation, with one end rough and one smooth, is the most common

two stone dipoles. If you touch the **two positive ends together**, or the **two negative ends** or poles together, then **negative qi** is generated. If you touch a **negative pole to a positive pole**, a **positive qi charge** is generated

MAGNETS and NORTH POLE positive qi is streaming out from the north pole of the magnet, and **negative qi from the south pole**. Neodymium

magnets are part of the rare earth magnet family and are also called NdFeB magnets (NIB) because of their composition: Nd = Neodymium, Fe = Iron, and B = Boron.

- use a magnet with the north and south **poles marked** (easiest method!); - use a compass and the **needle that usually points to the north** will point to the **south pole of the magnet**.

positive pole of a qi dipole is brought to the south pole of a magnet, or if the negative pole of a qi dipole is brought to the north pole of a magnet, positive qi is generated (at the point of contact). If a **negative qi pole** is brought to the **south pole of a magnet**, or a positive qi pole to the north pole of a magnet, then **negative qi is generated**.

If a qi dipole is placed directly over a compass or bar magnet, aligned with the compass needle or bar such that the **positive qi pole points north** and the **negative pole points south, positive qi is generated** (in center of the stone or dipole): in the opposite case, when the positive pole points south and the negative pole points north, negative qi is generated.

Now we **curl the wire so that the two ends come together and it becomes a continuous circle**. As soon as the ends touch, two currents of qi begin to flow through the wire. **Positive qi flows from the positive crystal pole to the negative crystal pole**, and negative qi flows from the negative crystal pole to the positive crystal pole

The end of the **magnet which points north is called its north pole**, and the end pointing to the south is called its south pole. Given any magnet, its

north pole, by definition, is the end which will **attract a compass's south pole, and repel a compass's north pole**. Back about 1600 Gilbert discovered that whole earth is a magnet, and that one pole of the earth was far to the north and one pole far to the south. Since the north pole of a compass points to the northern pole of the earth, the northern pole of the earth is really a magnetic south pole (a historical paradox).

magnetic lines of force. Each of these lines of magnetic force has a direction, and to see which way any given line tends at any given point, all one has to do is to place a compass at that point. The **compass needle aligns itself with the magnetic line**

Orgone is the **Universal Life force**, the basic building block of all organic and inorganic matter on the material planet. Coined by Dr. Wilhelm Reich, **Orgone** has been called **Chi, Prana** or simply the **Force**

[Most of the ancient healing practices, shamanism, religious miracles, special power of priests and their spiritual work, are unthinkable without the use of orgone energy mp3](#)

-**Cleans the air** and helps you **breathe better**. Orgone can help those with **asthma** and those with **breathing problems**.

-**Eliminates toxins, poisons and radiation** from the air

-**Defeats chemtrails** and keeps your skies clear.

-**Promotes natural health**, keeps you from catching every flu virus under the sun. **Stops headaches and migraines**, improves overall health.

-**Knocks out bad thunderstorms** before they get to your area, chills out **tornados** headed your way. Those areas gifted with Orgone suffered the least amount of damage from **Hurricanes**.

-**Nullifies the effects of the strong subliminal messaging** NWO towers erected everywhere. **Stops ELF (Electromagnetic Low Frequency) attacks**

-Helps you **sleep better**. **Stops sleep abductions**.

-**Repels anything evil** and keeps it away from your yard, home and family!! **Emits positive energy**, evil can't stand being around it!

What is Orgone? Read the article from the Idaho Observer at <http://proliberty.com/observer/20030512.htm>

[ORGONE \(LIFE FORCE\) THEORY OF OPERATION](#)

[Electricity, magnetism, gravitation, elf waves, cell phones, radioactivity, etc. are all invisible energy on the physical plane of existence. They all give off vibrations. Some of these man made vibrations are harmful to humans. Wilhelm Reich called them DOR \(deadly orgone\). The strength of these EMF forces diminishes with the square of the distance](#)

[traveled. LIFE FORCE is also invisible. It is not man made and can even be directed mentally. The great shamans, medicine men and healers of all times used their minds to send LIFE FORCE. Many sensitive people can feel this force.](#)

[Orgone Masters have Neodyne magnets that suck in the Dead Orgone Energy \(DOR\). The metal shavings in the resin collect the DOR. The copper coiled Quartz Crystal converts DOR to Positive Orgone Energy \(POR\)- LIFE FORCE ENERGY.](#)

NEGATIVE Energies are neutralized. Gives the area a **protective AURIC FIELD**.

With **FEAR**, the **auric field is greatly diminished**, thus leaving the **individual open to NEGATIVE energy attacks** or dis-ease.

CATS are the best reptilian detectors and reptilian busters known to mankind. *They have been known to wake up female abductees moments before the onset of a reptilian abduction or rape.*
